Goode Intelligence	
Author.....	
Goode Intelligence Methodology	
Regional Definitions.....	
Executive Summary	
ES1: Report Scope.....	
Payment Definition – What is Covered In This Report.....	
ES2: Market and Technology Analysis	
ES2.1: How is Biometrics used For Payments	
ES2.3: Market Drivers and Barriers.....	
ES2.3.1: Market Drivers	
ES2.3.2: Market Barriers	
ES2.4: Financial Services and Payments Biometric Regulation and Technology Standards	
ES2.4.1: Regulation.....	
ES2.4.2: Industry Regulation / Guidelines	
ES2.4.3: Technology Standards	
ES2.5 Technology and Market Adoption	
ES2.5.1: Market Adoption and Analysis.....	
ES2.5.1.2: Biometrics For Physical Payments	
ES2.5.1.3: Biometrics for eCommerce Payments	
ES2.5.1.4: Biometrics for mobile Payments – Wallets and Apps	
ES2.5.1.5: Biometrics for Wearable Payments (wCommerce)	
ES2.5.1.6: Biometrics for BitCoin and Blockchain Payments	
ES2.5.1.7: Biometrics for ATMs (Cash Payments).....	
ES2.6: Biometric Technology – Analysis and Vendors	
ES2.6.1: Behavioral Biometrics	

ES2.6.1.1: Advantages and Disadvantages of Behavioral Biometrics	
ES2.6.2: Iris Biometrics	
ES 2.6.2.1 Advantages and Disadvantages of Iris Biometrics.....	
ES2.6.3: Face Biometrics	
ES2.6.3.1 Advantages and Disadvantages of Face Biometrics	
ES2.6.4: Fingerprint Biometrics	
ES2.6.4.1 Advantages and Disadvantages of Fingerprint Biometrics	
Camera-Based Fingerprint Biometrics – Touchless	
Advantages and Disadvantages of Sensorless Fingerprint Biometrics.....	
ES2.6.5: Heart Biometrics	
ES2.6.5.1: Advantages and Disadvantages of Heart Biometrics	
ES2.6.6: Voice Biometrics	
ES2.6.6.1: Advantages and Disadvantages of Voice Biometrics	
ES2.6.7: Finger-Vein Biometrics.....	
ES2.6.7.1: Advantages and Disadvantages of Finger-Vein Biometrics.....	
ES2.6.8: Palm-Vein Biometrics.....	
ES2.6.8.1: Advantages and Disadvantages of Palm-Vein Biometrics	
Palmprint.....	
Introduction	
Advantages and Disadvantages of Palmprint Biometrics	
ES3: Forecasts.....	
ES3.1 Methodology and Assumptions.....	
ES3.2 Biometrics for Payments Forecasts	
ES3.2.1 Introduction	
ES3.2.2 Biometrics for Payments User Forecasts	
ES3.2.2.1 Biometrics for Payments User Forecasts – By Technology.....	
ES3.2.2.2 Biometrics for Payments User Forecasts – By Payment Type	
ES3.2.3 Biometrics for Payments Revenue Forecasts.....	

ES3.2.3.1 Biometrics for Payments Revenue Forecasts – By Technology	
ES3.2.4 Biometrics for Payment Transaction & Transaction Value Forecasts	
ES3.2.4.1 Assumptions on Transaction & Transaction Value forecasts	
ES3.2.4.2 Biometrics for Payments Transaction Forecasts – Total Transactions	
ES3.2.4.3 Biometrics for Payments Transaction Forecasts – Total Value (\$)	
ES4: Conclusion	
Market and Technology Analysis.....	
Introduction	
How is Biometrics used For Payments	
Market Drivers and Barriers.....	
Market Drivers	
Market Barriers	
Financial Services and Payments Biometric Regulation and Technology Standards	
Introduction	
Regulation.....	
European Union (EU) General Data Protection Regulation (GDPR)	
European Union Payment Services Directive (PSD2)	
Anti-Money Laundering (AML) and Know Your Customer (KYC) Regulation.....	
Industry Regulation / Guidelines	
PCI-DSS	
USA FFIEC	
US Economic Growth, Regulatory Relief, and Consumer Protection ACT - MOBILE	
EMV	
EMV 3D Secure.....	
Bank of Korea	
Bank of China	
Hong Kong – The Office of the Privacy Commissioner for Personal Data	
Technology Standards	

Introduction	
ISO.....	
ANSI.....	
UK CESG	
USA NIST.....	
The FIDO Alliance	
Technology and Market Adoption	
Market Adoption and Analysis.....	
Biometrics For Physical Payments.....	
Introduction	
Biometric Sensor Integration into Point of Sale (POS) Terminal	
Biometric Payment Cards – Embedded Biometric Sensor	
Biometrics for eCommerce Payments	
Protecting Financial Transactions for Users on the Go using BehavioSec’s Behavioral Biometrics Platform	
W3C WebAuthn Standards – FIDO2 for Web Payments.....	
Biometric Step-Up Verification for 3D Secure with RSA Adaptive Authentication	
Biometrics for Mobile Payments – Wallets and Apps	
Introduction	
Smart Mobile Device OEMs and Platforms.....	
Card Schemes.....	
eCommerce Payment Providers.....	
Mobile Network Operators – Direct Carrier Billing.....	
Biometrics and Identity Verification.....	
Biometrics for Wearable Payments (wCommerce).....	
Introduction	
Biometrics for BitCoin and CryptoCurrencies	
Introduction	
Biometrics for ATMs (Cash Payments)	

Introduction
Cash
 Biometric Technology Integrated into ATM
 Biometric Technology Integrated into Separate Technology for use at ATM.....
 Biometric Technology Integrated into Bank Card.....
Bitcoin ATMs.....
 Introduction
Biometric Technology – Analysis and Vendors
 Introduction
 Behavioral Biometrics
 Introduction
 Technology Vendors and Service Providers
 BehavioSec.....
 Biometric Signature ID
 BioCatch
 TypingDNA
 Pricing.....
 SecuredTouch
 Advantages and Disadvantages of Behavioral Biometrics.....
 Eye (Ocular) Biometrics
 Introduction
 Iris
 Introduction
 Iris
 Introduction
 Technology Vendors and Service Providers.....
 Eyelock
 Fotonation / Smart Sensors.....

Fingerprint Cards – ActiveIris	
Princeton Identity.....	
Nok Nok Labs	
Advantages and Disadvantages of Iris Biometrics	
Face.....	
Introduction	
Technology Vendors and Service Providers	
Applied Recognition	
Identity Verification – Applied Recognition.....	
FaceTec.....	
IDEMIA	
KeyLemon	
Iproov.....	
SmilePass.....	
Daon	
AimBrain	
Callsign.....	
Advantages and Disadvantages of Face Biometrics	
Fingerprint.....	
Introduction	
Technology Vendors and Service Providers –Fingerprint Sensor Manufacturers and Authentication Integrators.....	
Fingerprint Cards	
IDEX.....	
Limidigm - HID Global.....	
NEXT Biometrics	
Sonavation.....	
Qualcomm	
Synaptics Biometrics Product Division	

BIO-key.....

Certibio

Zwipe

Advantages and Disadvantages of Fingerprint Biometrics (Sensors)

Camera-Based Fingerprint Biometrics – Touchless.....

Technology Vendors and Service Providers – Touchless Fingerprint Biometrics

 Diamond Fortress Technologies

 Veridium

 Advantages and Disadvantages of Sensorless Fingerprint Biometrics.....

Heart - ECG

 The Nymi Band

 B-Secur.....

 Advantages and Disadvantages of Heart Biometrics

Voice.....

 Introduction

 Technology Vendors and Service Providers

 Nice

 Nuance

 VoiceTrust

 Advantages and Disadvantages of Voice Biometrics

Finger Vein

 Introduction

 Technology Vendors and Service Providers

 Hitachi.....

 Sthaler - Fingopay.....

 Advantages and Disadvantages of Finger-Vein Biometrics.....

Palm-Vein

 Introduction

Fujitsu.....	
Advantages and Disadvantages of Palm-Vein Biometrics.....	
Palmprint.....	
Introduction	
Redrock Biometrics.....	
Advantages and Disadvantages of Palmprint Biometrics	
Forecasts.....	
Methodology and Assumptions.....	
Biometrics for Payments Forecasts	
Introduction	
Biometrics for Payments User Forecasts	
Biometrics for Payments User Forecasts – By Technology.....	
Biometrics for Payments User Forecasts – by technology: Fingerprint	
Biometrics for Payment User Forecasts – by technology: Voice	
Biometrics for Payments User Forecasts – by technology: Iris	
Biometrics for Payment User Forecasts – by technology: Behavioral	
Biometrics for Payment User Forecasts – by technology: Finger-Vein.....	
Biometrics for Payments User Forecasts – by technology: Palm-Vein.....	
Biometrics for Payments User Forecasts – by technology: Heart (ECG)	
Biometrics for Payments User Forecasts – by technology: Face	
Biometrics for Payments User Forecasts – by technology: Palmprint	
Biometrics For Payments User Forecasts – By Payment Type.....	
Biometrics for Payments User Forecasts – by Payment Type: Physical Location – Naked Payments	
Biometrics for Payments User Forecasts – by Payment Type: Physical retail Store – Biometric Payment Cards.....	
Biometrics for Payments User Forecasts – by Payment Channel: eCommerce (Web).....	
Biometrics for Payments User Forecasts – by Payment Channel: Mobile Commerce (mCommerce) – mobile Payments in Physical Locations.....	

Biometrics for Payments User Forecasts – by Payment Channel: Mobile Commerce (mCommerce) – mobile Payments in Remote Locations (In-App)	
Biometrics for Payments User Forecasts – by Payment Channel: Mobile Commerce (mCommerce) – Total mobile (Combined)	
Biometrics for Payments User Forecasts – by Payment Channel: Wearable Payments.....	
Biometrics for Payments User Forecasts – by Payment Channel: Wearable Payments.....	
Biometrics for Payments User Forecasts – by Payment Channel: Cryptocurrency ...	
Biometrics for Payments User Forecasts – by Payment Channel: IoT	
Biometrics for Payment User Forecasts – by Payment Channel: ATM for Cash	
Biometrics for Payment User Forecasts – by Payment Channel: Total Number of ATM Devices with Biometrics.....	
Biometrics for Payments User Forecasts – by technology: Biometric Identity Verification for Payments – Biometric eIDV	
Biometrics for Payments User Forecasts – by Payment Channel: Combined	
Biometrics for Payment Revenue Forecasts	
Assumptions on revenue forecasts.....	
Biometrics for Payments Revenue Forecasts – by Technology: Fingerprint	
Biometrics for Payments Revenue Forecasts – by Technology: Voice	
Biometrics for Payments Revenue Forecasts – by Technology: Iris.....	
Biometrics for Payments Revenue Forecasts – by Technology: Behavioral.....	
Biometrics for Payments Revenue Forecasts – by Technology: Finger-Vein	
Biometrics for Payments Revenue Forecasts – by Technology: Palm-Vein	
Biometrics for Payments Revenue Forecasts – by Technology: Heart.....	
Biometrics for Payments Revenue Forecasts – by Technology: Palmprint	
Biometrics for Payments Revenue Forecasts – by Technology: Face	
Biometrics for Payments Revenue Forecasts – by Technology: Combined	
Biometrics for Payments Revenue Forecasts – eIDV for Payments.....	
Biometrics for Payments Revenue Forecasts – by Architecture: Device-Based Biometrics	

Biometrics for Payments Revenue Forecasts – by Architecture: Cloud-Based Biometrics	
Biometrics for Banking Revenue Forecasts – Fingerprint Sensors for Biometric Payments Cards.....	
Biometrics for Payment Transaction & Transaction Value Forecasts	
Assumptions on Transaction & Transaction Value forecasts	
Biometrics for Payments Transaction Forecasts – Total Transactions.....	
Biometrics for Payments Transaction Forecasts – Total Value (\$).....	
Appendices	
Appendix A: Companies Referenced In This Report.....	
Appendix B: How to Measure Biometric Technology? A Guide In Choosing the Right Biometric System	
Introduction.....	
Biometric Performance	
Usability.....	
Security	
Regulation
