GOODE INTELLIGENCE
YOUR PARTNER FOR BUSINESS RESEARCH & ANALYSIS

OVERVIEW

The Biometric Summit is a highly focused event sharing the latest innovation in biometric technology for leaders in cybersecurity, identity, authentication and fraud management, biometric technology specialists and the FinTech community.

Experts will be on hand with subject-matter knowledge and case studies to share their latest innovations, deepen your understanding of biometric technology and help you make decisions on the best strategy to deploy this technology in your organisation.

With industry attendees representing a mix of companies at various stages of development from private start-ups through to established, listed companies, there will also be advice, business acceleration and investment opportunities to explore.

The Biometric Summit New York brings buyers, suppliers and investors together so you can interact and create lasting business relationships through:
