Regional Definitions

Executive Summary

ES1: Report Scope

ES2: Market and Technology Analysis

ES2.1: Digital Identity Verification Services Definition

ES2.1.1 Digital On-Boarding

ES2.2: Market Drivers and Barriers

ES2.2.1: Market Drivers

ES2.2.2: Market Barriers

ES2.3: Regulation

ES2.4 Technology and Market Adoption

ES2.4.1: Market Adoption and Analysis

ES2.4.1.1: Financial Services

ES2.4.1.2: eCommerce

ES2.4.1.3: Telecommunications

ES2.4.1.4: Gaming

ES2.4.1.5: Retail – Physical

ES2.5: Technology – Analysis and Vendors

ES2.5.1: Introduction

ES2.5.2: Pricing Models

ES2.5.3: Genuine Presence Assurance Using Biometrics

ES2.5.3.1: Liveness and Spoof Detection – Presentation Attack Detection

ES2.5.4: Document Capture & Verification

ES2.5.5: Corroboration, Risk Management & Orchestration

ES2.5.5.1: Behavioral Biometrics – Stopping Fraudsters at the Gate

ES2.5.5.2: Identity Signals & Data

ES3: Forecasts

ES3.1 Methodology and Assumptions

ES3.2 Forecasts

ES3.2.1 Introduction

ES3.2.2 Digital Identity Verification Forecasts – Per Check

ES3.2.2.1 Biometric Technology Forecasts – Digital Identity & Document Verification

ES3.2.3 Revenue Forecasts

ES3.2.3.1 Digital Identity Verification Revenue Forecasts

ES3.2.3.2 Biometrics for Digital Identity Verification Revenue Forecasts

ES4: Conclusion

Market and Technology Analysis

Introduction

Digital Identity Verification Services Definition

Digital On-Boarding

Market Drivers and Barriers

Market Drivers

Market Barriers

Regulation

Introduction

AML & KYC

EU Anti-Money Laundering Directive 5 (5MLD)

Thailand Digital ID Bill – Facilitating e-KYC

Government Digital Identity Initiatives

EU eIDAS

The Digital Identification and Authentication Council of Canada

European Union (EU) General Data Protection Regulation (GDPR)

Technology and Market Adoption

Market Adoption and Analysis

Financial Services

Introduction

Europe – UK

Rest of APAC – Japan

Rest of APAC – Thailand

eCommerce

Introduction

Europe – UK

North America – USA

Sharing Economy

Introduction

North America – USA

Telecommunications

eIDV Service Provider

Trulioo Mobile ID

Telecom Operator Customers

GSMA Mobile Connect

Europe – Germany

Gaming

Introduction

Europe – UK

Retail - Physical

Introduction

NCR integrates facial recognition into its “Fastlane” tills to support identity verification

Technology – Analysis and Vendors

Introduction

Pricing Models

Genuine Presence Assurance Using Biometrics

Introduction

Facial Recognition

Device-Based (local) Face Biometric Models

Introduction

Merits and Disadvantages of Device Based Biometric Authentication

Cloud-Based Biometric Models

Introduction

Merits and Disadvantages of Cloud Based Biometric Authentication

Liveness and Spoof Detection – Presentation Attack Detection

Biometric Performance and Accuracy

Facial Recognition Vendors

Applied Recognition

Daon

Interview with Clive Bourke, President – EMEA and APAC, Daon

FaceTec

IDEMIA

iProov

Interview with Andrew Bud, CEO, iProov

Document Capture and Verification

Introduction

Accuracy Rates with Document Capture and Verification

Document Capture & Verification Vendors

Acuant

GBG

Gemalto

IDEMIA

Interview with Guillaume Yribarren, VP Marketing at IDEMIA

Innovalo

Jumio

Microblink

Mitek

Onfido

Interview with Kevin Trilli, Chief product Officer at Onfido

Yoti

Corroboration, Risk Management and Orchestration

Introduction

The case for continuous identity verification

Behavioral Biometrics – Stopping Fraudsters at the Gate

Behavioral Biometrics - Technology Vendors and Service Providers

BehavioSec

Biometric Signature ID

BioCatch

TypingDNA

Pricing

Identity Signals and Data

Identity Signals and Data Vendors

BAE Systems AI

Interview with Enda Shirley, Product Manager CDD/KYC at BAE Systems Applied Intelligence

Callsign

Interview with Yogesh Patel, CTO & Head of AI Research at Callsign

Experian

Interview with David Britton, VP Industry Solutions, Experian

Hooyu

Socure

Trulioo

Forecasts

Methodology and Assumptions

Digital Identity & Document Verification Forecasts

Introduction

Digital Identity Verification Forecasts – Per Check

Banking, Financial Services & Insurance (BFSI) Digital Identity & Document Verification Checks

eCommerce Digital Identity & Document Verification Checks

Telecommunications Digital Identity & Document Verification Checks

Gaming Digital Identity & Document Verification Checks

Retail (Physical) Digital Identity & Document Verification Checks

Total Digital Identity & Document Verification Checks

Biometric Technology Forecasts – Digital Identity & Document Verification

Face Biometric Licenses for Digital Identity & Document Verification

Behavioral Biometric Licenses for Digital Identity & Document Verification

Biometric Chip Reads (NFC) for Digital Identity & Document Verification

Digital Identity and Document Verification Revenue Forecasts

Assumptions on revenue forecasts

BFSI Digital Identity & Document Verification Revenue Forecasts

eCommerce Digital Identity & Document Verification Revenue Forecasts

Telecommunications Digital Identity & Document Verification Revenue Forecasts

Gaming Digital Identity & Document Verification Revenue Forecasts

Physical Retail Digital Identity & Document Verification Revenue Forecasts

Total Digital Identity & Document Verification Revenue Forecasts

Face Biometrics for Identity & Document Verification Revenue Forecasts

Behavioral Biometrics for Identity & Document Verification Revenue Forecasts

Biometric Chip Reads for Identity & Document Verification Revenue Forecasts
